

ROD SPICER

Up River

The Mountain Splitters 2021 oil on canvas. Image courtesy of the artist

Rod lives on the mid-north coast of New South Wales. His work depicts ‘*a romance with country life*’ from ocean shore to forested ridge of the Australian bush and is initiated by “remembrance with thoughts from my past emerging as images; images so intense that they become feelings. It is these feelings that I am urged to create.”

Rod has exhibited widely, including regular solo exhibitions here as well as Artarmon Galleries in Sydney and in the Hunter Valley. His work is held in collections across Australia.
